GETTING STARTED

Congratulations and welcome to Arvig WiFi TV. To complete activation of your service, go to my.arvig.com and click on Register. Please have the email you received from us available as reference. If you no longer have this email, or didn’t receive it, you may also use a current invoice.

**My Arvig:**

| Username (email address) | Password |

To change your password at a later time, return to my.arvig.com and click the “Forgot your password” link. You will receive an email at the email address on the account with instructions to change the password. Once completed, you will be required to re-log in on any devices previously used to access WiFi TV.

Once registered at my.arvig.com, download the Arvig WiFi TV app from the app store for your device. Easily find our app by typing “Arvig TV” in the search bar near the top of the screen, then click the magnifying glass.

*Note: If this is a new device, you will need to follow the manufacturer instructions for activating the device.*

Once you have the Arvig app installed on your device, select it and you’ll be prompted to enter the username and password you created on my.arvig.com. You’re now ready to view live TV, replay, restart and record your favorite TV shows and movies.

If you need assistance, would like to learn more about Arvig WiFi TV, or view the latest channel lineup, FAQ, how-to videos and supported devices, visit us on arvig.net/wifitv.

**Arvig WiFi TV works on a variety of streaming devices including Amazon, Android and Apple devices, and a variety of web browsers.**

- Visit stream.arvig.tv and sign in using your My Arvig credentials.

**View the most current list of streaming devices at arvig.net/wifitv.**

*The customer owns and is responsible for their streaming devices and setting up device accounts. Please contact the manufacturer of the device for general operating instructions and technical issues.*

**Stream Anywhere**

Arvig WiFi TV is a streaming television service. Live TV requires the use of your home IP address and must be viewed on your home network. However, you can watch and set recordings from just about anywhere with a Wi-Fi connection.

ARVIG APP: SIGN IN/SIGN OUT

When accessing the app the first time, or to sign in after signing out, please enter the username and password you created on my.arvig.com.

The username is the full email address you signed up with. If you’ve signed in previously, the email address may be auto-filled.

1. On the sign-in screen, press Select to access the on-screen keyboard.

2. Press left, right, up and down on the Navigation button to highlight letters, numbers and symbols on the on-screen keyboard and press the Select button to enter the character.

   To access capital letters and symbols, select those keys on the keyboard. Some of the popular keys have remote control shortcuts—see the image on the keys.

3. When done, press left, right, up and down on the Navigation button to highlight the Next key and press Select.

4. Repeat steps 2 and 3 to enter your password.

To sign out of the WiFi TV App:

1. On live TV, press the Menu button to access the TV menus.

2. Press left or right on the remote’s Navigation button to highlight Profile and press Select.

3. Press up on the Navigation button to highlight the Settings menu icon (cog wheel) in the upper right corner of the screen and press Select.

5. A popup window will appear asking, “Are you sure you want to sign out?” Press Select to choose Yes.
PIN THE ARVIG WIFI TV APP

To keep the Arvig App front and center, pin it to the front of your app list.

1. On the Fire TV Stick Home menu, press the **Navigation** button down to highlight the first app in the “Your Apps and Channels” section. The selected app will look larger than the others.

2. Once there, press right on the **Navigation** button to scroll to the right until you reach See All. Press the **Select** button.

3. Press up, down, left and right on the **Navigation** button to locate and highlight the Arvig WiFi TV app. The app will appear larger than the others when highlighted.

4. You will now see Options in the lower right corner of the screen; press the Options button.

5. More options will appear. Using the **Navigation** button, press down to highlight ‘Move to front’ and press the **Select** button.

6. The Arvig WiFi TV app will now move to the front of all other apps.
THE BASICS

Turning Your TV On and Off

1. Turn on your TV using your TV’s remote control. You will also use this remote to adjust volume.

2. On the Fire TV Stick Home menu, press the Navigation button on the Fire Stick’s remote control to highlight the Arvig WiFi TV app, press Select.

3. Choose the correct profile (if applicable), press Select.

4. Programming resumes on the last channel viewed.

To conserve bandwidth when not in use, press the Home button on the remote control to return to the Fire TV Stick Home menu.

Changing the Channel

• To move up or down one channel on live TV, press up or down on the remote’s Navigation button.

• To input a specific channel number, on live TV press and hold the Select button for about two seconds, then let up. A search box with a keyboard appears; press the Navigation button to highlight numbers on the on-screen keyboard and press the Select button to enter the character. Choose the Next key when done. (Some of the popular keys have remote control shortcuts—see the image on the keys.)

5. Press Back again to close the menu and return to live TV.

TV MENUS

Guide
See what’s currently playing and scheduled on TV using the interactive Guide. With 2 1/2 hours of program listings for 8 channels at a glance, the Guide is easy to use and navigate. Listings include content for one week in advance. (Currently available on the TV platform only.)

1. On live TV, press the Menu button to access the TV menus.

2. Press left or right on the remote’s Navigation button to highlight Guide and press Select.

3. The current program is highlighted in lime green. Press left, right, up and down on the remote’s Navigation button to move around the listings grid.

4. Press Select for more information, viewing options and a preview of the highlighted program in the grid.
   • If the program is currently playing, press Select to Play, or press right on the Navigation button to Record or view Series Info.
   • If the program is airing in the future, press Select to Record, or press right on the Navigation button to view Series Info.

Shows
Channel surfing couldn’t be simpler! View television programs as a curated tile-view sorted by genre—both live and upcoming.

1. On live TV, press the Menu button to access the TV menus.

2. Press left or right on the remote’s Navigation button to highlight Shows and press Select.
3. DVR recordings are shown first if available.

4. Press left, right, up and down on the **Navigation** button to move around the program choices. The selected program will look slightly larger than the others and show program information under it.

5. Currently playing programs are marked LIVE in the upper left corner of their image tile. Press **Select** for more information, viewing options and a live preview of the highlighted program in the grid.

6. If you select a program not currently playing, you will still be shown more information including the date and time it is scheduled to air. If there is a different episode of the same program currently playing, you have the option to Play Most Recent. You may also View All Episodes which will provide information for all scheduled episodes.

**Movies**

Each month, we deliver blockbuster movies either live, upcoming or on Replay. Browse available titles as a curated tile-view sorted by genre.

1. On live TV, press the **Menu** button to access the TV menus.

2. Press left or right on the remote’s **Navigation** button to highlight Movies and press **Select**.

3. Press left, right, up and down on the **Navigation** button to move around the title choices. The selected movie will look slightly larger than the others and show its name under it.

4. Currently playing programs are marked LIVE in the upper left corner of their image tile. UPCOMING titles are scheduled to air, and the remaining titles are on Replay.

5. Press **Select** on any for more information, viewing options and a preview image.

5. Press left, right, up and down on the Navigation button to move around the title choices. The selected program will look slightly larger than the others and show its name under it.
6. Press **Select** on any for more information, viewing options and a preview image.

*Replay content cannot be recorded and includes commercials, but you can fast forward through them.*

7. To return to live TV, press right on the remote’s Navigation button repeatedly to access live programs, press **Select**.

*Replay TV is enabled/disabled on an individual show and/or network basis. This means that not all shows or all networks allow this feature as part of our content agreements.*

**RESTART**

Missed the beginning of a program? Restart it!

1. On live TV, press the **Pause** button to access the program menu.

2. Press down on the remote’s **Navigation** button to highlight Restart (if available) and press **Select**.

*Restart is not available on all channels and programs. To record, the program will begin recording from the point of live TV and stop at the program’s scheduled end time.*

**CLOSED CAPTIONS**

To display the audio portion of a TV program as text on the TV screen:

1. On live TV, press the **Pause** button to access the program menu.

2. Press down, then right on the remote’s **Navigation** button to highlight Audio and press **Select**.

3. Press **Select** again to choose ON.

4. Press the **Back** button twice to go back to live TV.

*Closed captioning may not be available on all channels and programs.*
PARENTAL CONTROLS

Each TV show and movie is assigned a maturity rating to help customers make informed choices for themselves and their children. You can use these maturity ratings to decide on a PIN parental control setting for your account.

1. On live TV, press the Menu button to access the TV menus.
2. Press left or right on the remote’s Navigation button to highlight Profile and press Select.
3. The screen will open on Recorded programs. Press up on the Navigation button to highlight the Settings menu icon (cog wheel) in the upper right corner of the screen and press Select.
4. Press down on the Navigation button to highlight Parental Controls and press Select.
5. Press Select on Restrict Mature Content.
6. You will be prompted to Create Your New Pin to enable control on content with ratings of TV-MA, R or NC-17. Once enabled, when choosing blocked programming, the user must enter the correct PIN to view it.

If set, content will be blocked across all profiles on the account.

PROFILES

Profiles allow members of your household to have their own personalized experience, built around the TV shows and movies they enjoy. You can have up to five individual profiles within a single account.

1. On live TV, press the Menu button to access the TV menus.
2. Press left or right on the remote’s Navigation button to highlight Profile and press Select.
3. Press up on the Navigation button to highlight the Settings menu icon (cog wheel) in the upper right corner of the screen and press Select.
4. Press down on the **Navigation** button to highlight Manage Profiles and press **Select**.

5. Press **Select** again to Add New Profile, or press down on the **Navigation** button to highlight Edit on another Profile and press **Select**.

Here, you may edit the name and image of each profile. When there is more than one profile on the account, you will be asked to choose one upon each launch of WiFi TV.

To change Profiles while watching TV:

1. On live TV, press the **Menu** button to access the TV menus.
2. Press left or right on the remote’s **Navigation** button to highlight Profile and press **Select**.
3. Press up on the **Navigation** button to highlight the Settings menu icon (cog wheel) in the upper right corner of the screen and press **Select**.
4. Press **Select** to choose Change Profiles (Who’s Watching).
5. Press left or right on the remote’s **Navigation** button to highlight the appropriate Profile and press **Select**.

*All profiles share the same Cloud DVR space.*

**CLOUD DVR (Digital Video Recorder)**

**Controlling Live TV**

With Cloud DVR, you can control live TV. When you tune to a channel, Cloud DVR automatically begins making a temporary recording of the program, which means you can pause, rewind and fast-forward through the recording. The live TV recording is not permanent unless you select REC in the program menu.

**Playback Controls**

You can control live TV and your video recordings using the video control buttons.

**Play/Pause**

You can pause live TV any time by pressing **Play/Pause** twice on your remote. A progress bar appears on screen showing you how much time has elapsed since the program started, and how much time is left. When you’re watching live, your DVR remains paused for up to 3 hours. Pressing **Play/Pause** once more will resume the program.
Rewind
Press **Rewind** on your remote to rewind. A progress bar appears on screen showing how far back you can go in time. Each time you press **Rewind**, the program jumps back 12 seconds. Press and hold the button for quicker progress. Press **Play** to resume the program.

Fast Forward
You can activate **Fast Forward** for live TV if you have pressed **Pause** or **Rewind**. A progress bar appears on screen showing how far ahead you can go. Each time you press **Fast Forward**, the program jumps ahead 12 seconds. Press and hold the button for quicker progress or until you return to live action. Press **Play** to resume the program.

Recording Programs
With Cloud DVR, you can watch and record multiple different TV programs at the same time. You can record programs in two ways:

- Choose REC in the program menu
- Choose Record from any program info screen in the Guide

*You do not have the option to record a program when 5 minutes are remaining.*

One-Touch Recording
On live TV, press the **Play/Pause** button to access the program menu. Press down and right on the **Navigation** button to highlight REC and press **Select**. The program will begin recording from this time and stop at the program’s scheduled end time.

Recording From a Program Information Screen
From any program information screen, use the remote’s **Navigation** button to highlight Record and press **Select** to schedule a recording. Follow the on-screen prompts for additional recording options. Recording of the program will stop when the program is over.

Recording a Series
You can record multiple episodes of a program (series) in accordance with your preferences. To set up a Series Recording, begin by selecting the program from the listings grid or from a search results list:
1. From the program info screen, highlight Record and press **Select**.

A box pops up saying, “**Recording Set! Would you like us to record future episodes of your program?**”

You have two options:
- Record this episode only
- Record all episodes

2. Record all episodes is highlighted, press **Select**.

This returns you to the program information screen, where you now have the option to Manage Recording. Choosing this option gives you access to advanced series setup features.

3. Press **Select** to enter.

4. The screen will open on your Recordings for this program. Press up on the **Navigation** button to access the settings above the first recording:

   - Recording Options - such as which types of episodes to record, which channel to record them on and recording extra time
   - Cancel Series Recording - will cancel all future recordings
   - Delete All Recordings - will delete all recordings from this series

Your recordings appear in your Recordings list with the show title as its label. Multiple recordings of the same show have the same label and are listed beginning with the most recent recordings first.
**Viewing Recorded Programs**
All of your recordings are stored together, and can be quickly and easily found in the Profile TV menu.

1. On live TV, press the **Menu** button to access the TV menus.
2. Press left or right on the remote’s **Navigation** button to highlight Profile.
3. Press **Select** to enter. Recorded programs are shown if available.
4. Press down, then left and right on the **Navigation** button to move through the program choices. The selected program will look slightly larger than the others and show its name under it.
5. Press **Select** on any for more information, viewing options and a preview image.
6. Use the playback controls to play, pause, fast forward and rewind your program. To stop the program, you must play a different recording or go back to live TV.

*Cloud DVR recordings can be viewed outside the home on an individual show and/or network basis. This means that many recordings will be available outside your home, but some will not be available as per our content agreements.*

**Editing Series Recordings**
To edit the criteria for recording a program series with your preferences:

1. On live TV, press the **Menu** button to access the TV menus.
2. Press left or right on the remote’s **Navigation** button to highlight Profile and press **Select**.
3. The screen will open on your Recordings. Press right on the **Navigation** button to access Scheduled recordings.
4. Press down, then left and right on the **Navigation** button to choose the series you wish to edit. The selected program will look slightly larger than the others and show its name under it.
5. Press **Select** to view the episodes scheduled to record.
6. Press up on the **Navigation** button to access the settings above the first scheduled recording:
   - Recording Options - such as which types of episodes to record, which channel to record them on and recording extra time
   - Cancel Series Recording - will cancel all future recordings
7. Press **Select** on Recording Options. Here is where you’ll specify if you want all episodes to record, or new episodes only.
   - Episodes - New and Reruns or New Only
   - Channel - Record episodes from which channels?
   - Extra Time - Choose how many extra minutes to record, up to 60

8. Once you have set up your choices, press down on the **Navigation** button to highlight OK and press **Select**.

Your current recordings (if any) and episodes scheduled to record are shown in your Scheduled Recordings list.

*This list shows all upcoming episodes even if they don’t fit the criteria you set up. Only the episodes that fit the criteria will record.*

**Deleting Recordings**

A recorded program remains in your Recordings list until you decide to delete it, or until Cloud DVR space is needed.

*Older programs are erased automatically to make room for new recordings when Cloud DVR storage limit is reached.*

1. On live TV, press the **Menu** button to access the TV menus.
2. Press left or right on the remote’s **Navigation** button to highlight Profile.
3. Press **Select** to enter. Recorded programs are shown if available.
4. Press down, then left and right on the **Navigation** button to move through the program choices. The selected program will look slightly larger than the others and show its name under it.
5. Press **Select** on any for more information, viewing options and a preview image.
6. Press down on the **Navigation** button to the desired program, then press right to highlight Delete.
7. Press the **Select** button. A box pops up to confirm, “Delete Recording?” Press **Select** to choose Yes.
8. To delete all recordings, press up, then right on the **Navigation** button to highlight Delete All Recordings and press **Select**.
How much Cloud DVR space have I used?
Press Menu on the remote control, go to Profile and look in the upper right corner of the screen. Time used and total time available are shown in hours.
